

# Wood Wood is looking for Logistics Manager.

## THE COMPANY

Wood Wood is an innovative retail environment and global fashion brand bridging the worlds of style, music and culture. Based in Copenhagen, Denmark, a city that prides itself in its creative community and environmental responsibility, Copenhagen serves as the perfect platform for the design studio, and its location in the local and multi-cultural neighbourhood of Nørrebro is evident in the brand's attitude.

## PRINCIPAL ACCOUNTABILITIES

Reporting to the Commercial Director, this position will establish and manage logistics procedures across the wholesale and retail business, developing and implementing new processes to ensure operational excellence and best practice in our B2B and B2C business with a specific focus on customer facing activities. This role will work cross functionally, both internally and externally, to ensure Wood Wood is working with partners that will best serve our current and future needs and will be able to provide a high level of service as we continue to expand. This role shall also be vital in assisting and supporting our Global Sales network. To this end, it is essential for the candidate to have full overview of B2B and B2C from incoming to outbound across the business.

*This role is primarily accountable for all multi-brand logistics from supplier to customer, according to agreed budgets and goals. This role will also be charged with ensuring the highest possible service to all special handling Accounts within our B2B business.*

## PRIMARY TASKS

- Define and deploy the logistics strategy (transportation capacities, product flow, replenishment and replenishment activation)
- Execute coordination of warehouse, transportation and customs activities within the B2B business
- Work cross-functional to ensure smooth data and customer handling from finance to logistics and Customer Service
- Responsible for inventory accuracy and reports to finance and Commercial Director
- Regular analysis of costs of movement of goods, and benchmarking against alternative providers.
- Develop logistics budget in cooperation with Commercial Director
- Work closely with Commercial Director to plan disposal of Wood Wood past season inventory.
- Ensure master data is regularly and accurately maintained to support business processes across both B2B and B2C
- Work closely with buying, ensuring inbound receipts will meet sales orders and planned pick-pack process in meeting customer deliveries
- Work closely with warehouse to ensure customer deliveries are shipped in a timely manner.
- Report monthly figures
- Ensure calendar discipline with regards to deadlines and on-time delivery
- Overview of all customer service support staff
